# DID YOU KNOW?

Nature plays an important role in helping us look after our water.

Why not go explore outdoors and find some plants to create print art!

# WHAT YOU'LL NEED

1

## Different shaped leaves

It's good to use leaves that have already fallen.

2

## Paintbrushes

3

## Paper or card

4

## Craft paint

# WHAT TO DO

1

Find different shaped leaves from outdoors.

2

Paint on top of them.

3

Gently press the leaf onto the paper, smoothing over the back with your hands.

# WHAT TO DO

4

Carefully peel off to reveal the print.

5

**TOP TIP:** Try using different colours on the leaf before printing.

6

Why not add them to your nature scrapbook or use them to make a birthday card, wrapping paper or gift tag?
